Work to be undertaken

All works to be undertaken must be clearly marked with a weather proof material by the client prior to commencement of work to show the operator exactly where the desired cuts or core holes are required.

Hazards

All hazards such as water, sewer, gas, power and telephone lines must be identified and marked out by the client with a weather proof material showing the locations and must be explained to the operator prior to commencement of any work. **We stress that we will not accept liability for damage caused to services inducted into concrete.**

General Conditions

Normal working hours – Monday to Friday 7.00am to 3.30pm
Charges for work outside normal hours – on application
